Our cover was chosen for the enjoyment of those of us who winter in the deep south. It gives these friends a warm glow to feel that they are escaping freezing fannies by basking in the sun. However, as we go to press, these birds with tailfeathers firmly in the ice topping Marion Harbor could symbolize the majority of the people on the eastern seaboard. The start of this inaugural week is no time to dally about in the open without quite a bit of protection from the outside air. Birds do it but the rest of us take what cover we can find.

80 Acre Gift to Land Trust

Fred B. Morris, President of Mattapoisett Land Trust, Inc., announces a gift of 80 acres of land from Mr. and Mrs. Eliot Shoolman of Newton Centre and Mattapoisett. The largest tract of land ever given to the Trust by a single donor, it is located in the Town of Rochester along the upper reaches of the Mattapoisett River whose watershed the Trust has been eager to protect. The property comprises wooded upland interspersed with open fields and includes 2500 feet of river frontage. In accepting title to the property on behalf of the Board of Directors, David W. Hewitt noted, "The Shoolman's generosity of spirit and sense of land stewardship are an inspiration to all of us." Several years ago the Shoolmans also donated the flagpole at Mattapoisett Town Hall.

Mattapoisett Land Trust is a private, non-profit charitable organization incorporated under State charter in 1974 for the purpose of protecting open space and educating the public about the wise use of natural resources. The Trust, one of 80 similar private land trusts in the Commonwealth of Massachusetts, currently has 200 members and welcomes year-round and summer residents as new members upon payment of a small annual fee. Members of the Board of Directors are: Fred B. Morris, President; George B. Mock, III, Vice President; Mrs. Violet Jones, Treasurer; Bradford A. Hathaway, Clerk; David W. Hewitt, Thomas H.P. Whitney, Ralph Sanford, S. Randolph, Jr., Montgomery Throop and Charles Duponte, Jr.

FIRE ALARM COMES UNDER DISCUSSION AGAIN

"It sounds like a cow with the milk fever," was a comment made by a town resident to Fire Chief Donald Wood in describing the warning horns on top of the fire station.

Chief Wood and Fire Alarm Superintendent Paul E. Kelley, Jr. both told the Selectmen they were amazed at the number of residents who commented on the need to keep the alarm system working. It's a tradition many of them said. When it's 1 o'clock everyone listens for the alarm, residents told Wood and Kelley.

Chief Wood said tradition didn't concern him so much as safety -- the liability scares me, he said. Volunteers all have radios and some have beepers, but if some didn't get their calls "we would be in trouble. We need the horn," Wood emphasized.

Kelley estimated the sum of $4,000 to replace the horns. He noted he could do some of the labor himself and "connive" the rest. Moneywise he thought they could repair the

horns, but it's such an old system, the new flanges wouldn't fit. Selectmen Chairman John DeCosta asked Kelley to give the board cost figures to replace the horn to give to the Finance Committee to prepare an article for the annual town meeting.

Selectman Frank Suzan said, "I'd hate to think if we had to rally the town we didn't have an alarm of some kind. You never know what any emergency could be."

In other business Selectmen met with Gerard Charest of Tibbetts Engineering of New Bedford to discuss Charest's explanation of his company's specialization in highway design.

Charest said he just wanted Selectmen to know his company's capabilities and to consider them when planning what to do with the dangerous curve on Industrial Drive. He noted Tibbetts has done work on Chapter 90 roads and is familiar with local procedures and with what state funding is available.

Chairman DeCosta said there would be a joint meeting next week to discuss Industrial Drive with the Planning Board, Industrial Commission and John Folino. DeCosta noted Folino met with the board previously to voice his concerns with the winding road.

Selectman James Huntoon pointed out the Industrial Park is privately owned but the roadway is town owned. The meeting next week should iron out some of these concerns, he added.

The board voted to send a letter to School Superintendent Joan Walsh on behalf of the School Committee's request for a Division of Local Mandates formal review of the Public Employees Retirement Administration's recent actions. Ms. Walsh notes in her request that on June 13, 1984 the Collaborative (which encompasses Acushnet, Mattapoisett, Marion, Rochester) voted to withhold its contributions

STATE CENSUS FORMS

The 1985 State Census Forms have been mailed to each household in town. The form has been designed to gather information for both the State census and the Town's annual listing of residents. Please note that your present address and post office box # should be written in just above sections 3 and 4 on the form. Your cooperation will be greatly appreciated and should you have any questions do not hesitate to call the office - 758-6707. The census information is the basis for voting eligibility, voting re-districting, state residency tuition fees, state and federal reimbursements to name a few. It is extremely important to our community that we complete the census in a timely manner. If you haven't returned your form, please do so as soon as possible. You may bring it into Town Hall if you wish or include it with any other communication going to the Town Hall.

NOMINATION PAPERS

Nomination Papers for town officers to be elected on April 2nd in Mattapoisett are available in the Towns Clerk's office.

Papers must be filed on or before February 19, 1985.

F.O.R.M. Raffle

Friends of Old Rochester Music (F.O.R.M.) will conduct a raffle for the benefit of the Music Department of Old Rochester Regional School District commencing on January 27 and ending on April 5.

Our present project arises from the greatly increased membership in the instrumental music program. The marching band has many more musicians than uniforms. Further, the band has had but two sets of uniforms in the 23 years that we have had a school in our own community.

Our goal is to help in raising the estimated $14,000 needed to buy uniforms for ALL band members. The School Committee has given all the support that it can manage under existing restrictions; as always, a good school must have the continuing support of caring parents to best get the job done.

A music parent will call on you shortly to

COMMUNITY ACTIVITIES-ORGANIZATIONAL EVENTS

Has your organization ever scheduled a money raising event and found out at the last minute that some other town event was scheduled for the same night???

NOW, you can help prevent just that. The Mattapoisett Town Hall is starting a COMMUNITY CALENDAR. Just call in to the Selectmen's Office, 758-3758, and register your group's activity. The event and date will be noted on the calendar. If EVERYONE registers their events this will prevent two or more events being scheduled on the SAME DAY.

This COMMUNITY CALENDAR will be posted on the bulletin board inside the Town Hall, so that your organization may view it at any time that the Town Hall is open.

diameter in Johnny Nunes' field. The parachute proved to have been released from a weather balloon when the balloon burst at a height of 17 miles. What Cole found was the electronic gear package (since returned by mail) which records wind speeds, temperatures, etc. And the wind speed recordings must have been interesting - the balloon had been released at Albany, New York on the same date.

EXHIBITS IN MUSEUM

Sunday, January 27, is a special day for the Marion Natural History Society. At 3 p.m. a Wine & Cheese Party will be held to celebrate the completion of two exhibits in the newly renovated Museum: the mineral display, "Lots of Quartz", and the Geological Time Line. The two exhibits, which are finished, were done under the direction of George Barden, a knowledgeable amateur in the field of minerals and fossils and Museum Curator of Minerals & Fossils. A list of Museum members who assisted in the project will be shown at the Party. All workers volunteered their time and skills to the Museum.

An Auction of Surplus Properties of the Museum will be held at 4 p.m. with Henry Callen as Auctioneer.

The Museum is over the Elizabeth Taber Library on Spring Street and is handicapped accessible with a ramp and elevator.

There is no charge and all are welcome.

AFTERNOON OF CROSS-COUNTRY SKIING

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, invites all winter enthusiasts to join us for an afternoon of cross-country skiing on Sunday, January 27th. Meet at the Lloyd Center at 1:30 p.m. Please call the Center at 990-0505 to register for this event; there is no fee.

If snow conditions allow, the group will carpool to a nearby open field for an introductory lesson with instructor Max Arnold, who will discuss and demonstrate cross-country basics such as gliding, turning and recovering from a fall. The lesson will be followed by a short expedition. In the event of poor snow conditions, Max Arnold will hold an informational session indoors to help you prepare for the next snowfall.

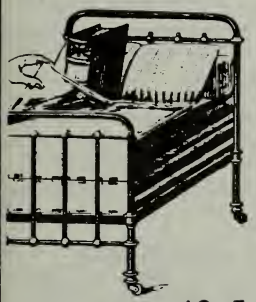
Take One of Our Friends to Bed with You



Winter is our favorite time of year.
Marion becomes a small town again.
And we have an opportunity to spend some real time with friends we've seen only briefly the rest of the year.
Better, however, than all that is the fact that we have a chance to crawl into bed early on cold nights and read.
Not the books we have to read, but those wonderful old titles we've been meaning to get to and never did.
With no offense intended to anyone's spouse, they make wonderful wintertime bed companions.
We encourage you to put on a heavy pair of socks and throw on a couple of extra blankets and take one of friends to bed with you.

Chamber of Commerce

SMALL BUSINESS NIGHT

The New Bedford Area Chamber of Commerce has planned a unique night of recognition, information and entertainment for area small business owners. Conceived and developed by the Chamber's newly formed Small Business Committee, this first ever event will publicly recognize outstanding businessmen and women who have been chosen by their peers for setting standards for excellence in both business and community service. Awards will be presented to those individuals chosen from New Bedford's west end, south end, north end and downtown areas; Rochester, Mattapoisett, Marion, Wareham, Dartmouth, Fairhaven and Acushnet.

In addition to recognition, the 200-300 expected to attend this gala affair will be introduced to the vast resources available to all southeastern Massachusetts small businesses by SMU's Small Business Development Center (SBDC). SBDC's Director Clyde Mitchell will present an overview of this highly effective program by offering professional training seminars at nominal cost and consultations at no cost. Small business owners are able to extend their problem-solving options to include the type of prefessional services usually available to large corporations only.

PHIL WILSON & BOB WINTER

Phil Wilson has long been one of the world's great jazz trombonists. He made a spectacular entrance into the jazz world with his famous solo on "It's a Lonesome Old Town" with the great Woody Herman band of the sixties. As a member of the faculty at the Berklee College of Music, Phil also conducts jazz clinics and performs all over the country with his Jazz Sextet.

The sextet will perform in Lyndon South Auditorium on Friday, January 25th, at 7:30 p.m. The charge is $1.00 for students and senior citizens and $3.00 for adults.

Student Financial Aid

As the cost of education after high school goes up each year, both traditional college age students and adult students are wondering how to pay the bills.

According to Bruce Tamlyn, Director of the Educational Opportunity Center, there is a way to pay for a college, vocational, or technical school education. More than $7.9 billion in Federal, State and college financial aid funds will be available in 1985 to assist students with college costs.

The Educational Opportunity Center will expand its hours beginning February 4th to assist students and their parents in applying for financial aid. In February hours

CHILD POISON PREVENTION WORKSHOP

Small children are fast and fearless explorers. As they busily investigate new territories they put everything they can in their mouths. Every year thousands of accidental poisonings of children under five years of age involve commonly used prescription and over-the-counter medications.

On Thursday, January 31st, a substance abuse prevention workshop entitled The Early Years will take place at the Human Service Building behind Lakeville Hospital, Route 105 in Lakeville. Co-sponsored by Pathways to Health Resource Center and the Southeastern Regional Office for Children, the workshop is designed for day care providers, pre-school administrators and others who work with pre-school children.

An advance registration fee of $5.00 includes handouts and lunch. To register call Pathways to Health at 947-9478 by January 25th.

Participants will receive handouts and other materials for pre-schoolers and review educational materials for parents. They can also receive follow-up consultation for planning pre-school prevention programs.

painting. Mr. Dolan will present different techniques and approaches that have been used by the master painters of the Renaissance as well as those techniques of our living contemporary fine artists. The techniques are then applied by each member to a painting assignment performed in class. Members at the end of the workshop will have the opportunity to join the workshop's field trip to Fine Art Museums and Galleries in Boston and New York. "We feel that it is very important to provide the fine artist with as many techniques as possible so that he or she may develop their own personal painting style," states Anne Joelle, Executive Director of Priscilla Beach Theatre.

Mr. Philip Dolan, a graduate of Tufts University in Fine Arts Education in 1955, has been a teacher in the Weymouth Public School system for the past thirty years. His vast experience in Art Education has included being president of the Massachusetts Art Education Association and judge for many Massachusetts and Rhode Island Scholastic art exhibits. He has lectured across the New England states for many art associations on such subjects as Assemblage, Masks, Paper Sculpture and Painting.

Enrollment in the workshop is limited. Individuals who wish further information on the painting workshop may call the theatre at 224-4888. Priscilla Beach Theatre is a professional non-profit school of Drama which does not discriminate according to sex, color, age, religion or nationality.

See Your Way Clear

Windshield wipers are among the most neglected safety items on your automobile. New England winters can be tough on a car's wipers, and AAA Massachusetts says replacing the rubber refill blades is easy, inexpensive.

To check to see if your wiper blades need replacement, squirt the windshield with washer fluid and turn on the wipers. If they fail to clean the glass properly, leaving the glass streaked and your visibility blurred, they need replacing.

Although streaking can be caused by a worn blade, it can also occur as a result of a buildup of grease, dirt, and road salt on the blade. Mild soap and water will usually clean the residue and restore the blades to proper working condition.

When a wiper blade "chatters", there can be a number of possible causes. Most often, it's because the wiper-arm tension needs adjustment, something your mechanic should check.

Continuing Studies

EVENING COURSES FOR TEACHERS

Southeastern Massachusetts University's Division of Continuing Studies is offering several courses of interest to educators during this spring semester.

These include graduate-level courses in computer literacy for teachers, introduction to computing and PASCAL for secondary-school teachers, remedial reading techniques, and economic education. Others are principles of counseling, the culture and civilization of Portugal and its Atlantic islands, and arts and crafts for the elementary classroom.

There is also an undergraduate-level course that offers piano and electronic keyboard experience for teachers.

Most credit classes begin the week of January 21, but late registrations will be accepted through the first two weeks of the class at the Division's offices between 8 a.m. and 8:30 p.m. Monday through Thursday and until 5 p.m. on Friday.

For more information call Kevin Garganta at 999-8775.
